COURSE REPORT :- Job Training Programme of Supervisors

Batch No. : 49th

Name of the training Centre :- Middle Level Training Centre,
Sadau Asom Gramya Puthibharal Santha, Nagaon.

Name of the training programme with date :- Job Training Programme of Supervisors
w.e.f- 2.2.15 to 3.3.15

1. Introduction

Integrated child development services (ICDS) was formulated by the Government of India in 1975, as a comprehensive child survival and development programme for children under the age of 6 yrs. It is the foremost symbol of our Nation's commitment to the millions young Indians living in conditions of poverty and different forms of deprivation. ICDS contributes not only to the achievement of Women and Child goals related to health, nutrition and early child development, but also to other primary health care goals and the goals of universal elementary education, as enunciated in the National Plan of Action for Children, 1992. The challenges before us is promotion and fulfillment of the rights of the children especially the girl to early care for survival, development, protection and participation. The programme provides an integrated approach for converging basics services for improved child care-to ensure the healthy psychological, physical and social development of children. The programme's objectives, set in this direction, include:-

- 1) To improve health and nutritional status of child below six years.
- 2) To lay the foundation for proper physical, social and psychological development of the child.
- 3) To reduce the incidents of Malnutrition, Morbidity, Mortality and School drop out.
- 4) To achieve effective co-ordination of policy and implementation amongst the various department to promote child development.
- 5) To enhance the capability of the mother to look after the normal health and nutritional need of the child through nutrition and health education.

Services provided by ICDS includes-

- 1) Non-formal pre-school education.
- 2) Supplementary Nutrition
- 3) Immunization.
- 4) Referral services.
- 5) Health check up.

6) Health and nutrition education.

Supervisors of ICDS are the Middle Level functionaries who provides link between CDPOs and other grass root level workers. They are also responsible for upgrading the knowledge and skills of Anganwadi Workers, identifying beneficiaries and ensuring supply of food to centre and flow of health services, monitoring of the programme and reporting to the CDPOs. They also ensure convergence of services by networking with other government departments and voluntary organizations.

Training of ICDS functionaries is regarded as one of the most vital component of ICDS programme and is acknowledge as the key factor in successfully implementation of the programme. Thus extensive programmes of training for all categories of functionaries of ICDS are being organized right from launching of the scheme. The Supervisors, who are the Middle Level functionaries of the scheme are imparted Job Training by the Middle Level Training Centers (MLTCs) in their own states. However, Middle Level Training Centre, run by Sadau Asom Gramya Santha, Nagaon organized the 49th batch Job Training for Supervisors of Assam w.e.f. - 2.2.15 to 3.3.15.

2. Objectives :

The Course was organized with the following objectives:

1. To train and orient the supervisors to the various components of the schemes of the ICDS.

5. INAUGURAL SESSION

After registration of the participants, the Inaugural session was held on 2/2/15. Like previous batch under the presidentship of Sri. Punyada Borah, Coordinator, MLTC . Goutam Bordoloi, Instructor MLTC, offered welcome address to the participants and stated about the role of Supervisors and explained about the objectives of the ICDS programme and Govt. policies for the development of women and child. He welcomes the participant and stated that ICDS is the biggest child welfare scheme in the country. He also explained about the organization. Mostafa Kamal Instructor, MLTC on his speech explained about the aims and objectives of the Training Programme of Supervisors under ICDS Scheme and mentioned that the Supervisors should know their Job responsibilities, the services provided in ICDS and about the needs of community participation. The rules and regulation of training centre, period of training programme fooding and lodging facilities, training schedule, brief history of the organization, locality of the organization as well as training centre, road communication and transportation etc, were informed by the Asstt. Secretary of the Santha Mr K.C. Nath. Ms. Bablirani Dev, A.P.O Santha explain about the various scheme run by the Santha. The necessary teaching and learning materials were distributed among the trainees. The trainee namely Nilima Borah, Nibharani Pegu Doley shared their service experiences and about the needs of training.

6. ACADEMIC SESSIONS:

As per schedule of training Course the Academic Session started from 2/2/15to 3/3/15 excluding reporting and departure days. As per Schedule of the Training Course the academic session started from 9.am and ended at 5.30 pm. every day. During the 26th days there are 153 Nos. of Academic Session where 195 hours of classes were conducted by regular faculty

members, resource persons and guest speakers. Details of training components are mentioned separately as per programme schedule.

De-freezing

The de-freezing component was the first component which started from 2/2/2015. In this component the participants were briefed about the rules of the training programme and the programme schedule of the training programme was also discussed in brief. Some games were carried out to make the trainees feel comfortable and at ease. Efforts were also made to make the environment conducive for training. The entire behaviour of the trainees was checked by asking a few questions on ICDS.

In the 2nd session sharing of experiences among the trainees was done. Each trainees shares his/her experiences in implementing ICDS programme. The course director listed down the expectation of trainees, assessment of training needs and constraints and problems in the field.

The Foundation

This component was started from 2 to 3 Feb'/2015 Subjects/topics like situational analysis of children and women, social issues concerning women and child, constitutional provisions and legislations to protect child and women from various forms of abuse and exploitation, programmes and policies of various ministries for development of women and child, status of girl child with specific reference to health, nutrition and education and importance of self help group (SHGs) for empowerment of women were thoroughly discussed. Short films like Meena were screened for better understanding of Social issues.

ICDS Programme

The second component was on ICDS programme which started from 4 to 5 Feb' 2015. This component was initiated with the sessions on introduction to ICDS where participants were appraised about its objectives, philosophy and norms/guiding principles to manage the projects. In this component sessions like setting up of AWC job responsibilities of supervisors, CDPO/ACDPO, block and health functionaries and population norms for PHC, CHC were taken up and emphasis was also laid on interface/coordination with other departments such as health, education, rural development & information and broad casting for popularizing ICDS. Important instructions and guidelines issued by Ministry of Women and Child Development were shared with the participants. The session on communication and counseling skills required for supervisors dealt with need, process and stages of counseling. The difference between communication and counseling were discussed and emphasis was given on role-play so that it will be easier for the participants to understand its importance for everyday work sphere.

EARLY CHILDHOOD CARE AND EDUCATION (ECCE)

This component was started immediately after the component of ICDS programme from 6 to 10 Feb' 2015. The component oriented and sensitized the participants and also imparted skills in dealing with children from birth to 6 yrs. The broad areas of the component included- concept, need and principles of child development, importance of ECCE in ICDS and

characteristics of Pre-school child, activities of various development- physical & motor cognitive, psychosocial, creativity & scientific exposure, language, need and importance of early childhood stimulation; organization of pre-school activities in AWC; preparation of low cost PSE materials; common behavioural problem in children, etc. At the end of the component feedback was taken through quiz. In addition to quiz, the trainees were also evaluated on teaching AIDS that they had prepared. The participants were taken to Khagorijan ICDS Project for conducting PSE and other activities per training to AWCs.

NUTRITION & HEALTH

The components started on 11th to 18th Feb'2015. The topics covered in this component were importance of healthy living and basics of good nutrition; functions and sources of nutrients; nutritional and health care requirements at various stages of life- new born, adolescent girls, pregnant and nursing mothers; management of nutritional deficiency disorders; organization of supplementary nutrition at AWC; growth monitoring- its step & processes, new WHO child growth standard its rationale, implications and how it is different from the old one. Other topics of the component were early detection and prevention of childhood disabilities. Integrated Management of Neonatal & Childhood Illness- assessment & classification of common problem like cough, cold, fever, Acute Respiratory infection, edema etc. Personal hygiene and safe drinking water, etc. Besides, the group was also taught about community growths chart. The participants were taken to Urban ICDS Project Nagaon to carry out field practice on IMNCI- assessment and treatment. At the end, importance of NHED techniques like Role-play, puppet show, Story-telling and folk songs were deliberated. A quiz session was held at the end of the component to get the feedback on nutrition and health.

Communication, Advocacy and Community Participation

From 19 to 23 Feb' 2015 the Communication, Advocacy and Community Participation component was held. Community participation in ICDS, role of village development council/board and other local bodies in ICDS, techniques of mobilizing community including participatory Learning and Action (PLA), How to conduct survey in the Project; information education and communication in ICDS – its importance, skills and budgetary provisions, Communication process and behaviour change, advocacy awareness programme etc. were the major subject matters covered in this component. Feedback was taken by conducting a test on the component.

Supervision, Training & management

The Supervision, Training and AWC component was held from 24 to 26 Feb' 2015. In this component the supervisors were oriented about various administrative matters relating to their job. The major areas of this component were supervision and monitoring of AWC- its tools and techniques; supervision and management of materials and supplies for AWCs, planning and organizing sectoral meetings, leadership, motivation and team building, planning and organizing meetings office management, preparation of training plans, office procedures, maintenance of records and registers etc. The trainees in small groups, were also assigned to training plan for conducting training of AWWs & AWHs at the ICDS Project. The action plans were evaluated

and supplemented as required. The feedback was taken by discussion and asking questions to the participants.

Supervisory Practice

Supervised Practice Programme started w.e.f- 27th Feb' to 2nd Mar'2015. For supervised practice programme different ICDS Project namely – Khagarijan ICDS Project, Barhampur ICDS Project, Raha ICDS Project, Rupahi ICDS Project, Kapili ICDS Project, Pakhimoria ICDS Project and Urban ICDS Project of Nagaon Dist. are selected. In this batch supervise practice programme was conducted at khagarijan ICDS Project, Nagaon. two AWC were allotted under khagarijan ICDS Project namely – Huj Rongagora Kolita Gaon AWC , & Kahuwatoli Koibortagaon AWC. This Anganwadi Centre were allotted by the CDPO of khagarijan ICDS Project of Nagaon. During the supervised practice programme the trainees were made into two groups and the name of the group were Tagar and Nahar. Correspondence was made with Divisional Programme Officer ICDS Cell Nagaon regarding supervised practice programme.

The Supervise practice programme was conducted for three days in these centers.

On the first day (27th Feb'15):- The trainee (supervisors) performed the duties of Anganwadi Workers, run the Centre and conducted different pre-school activities for all round development of the children. Cognitive activities like Dominoes/Discrimination Chart, Colour concepts/Small big concepts were taught to the Children. Physical activities like Jumping, Running and Hoping etc were given.
